

## Your best **business solutions** for leading edge payment technologies

Private Labeled Prepaid Card Solutions  
PCI DSS Program with Breach Insurance,  
Secure Online Payment Gateway

### Prepaid Card™

A tailored solution that enables eCommerce businesses and other companies to affordably drive repeat business from your customers as well as deliver compensation to your vendors and partners.

**Co-Branding** allows you to show the world your affiliation with each and every payment. Our Private Labeled Cardholder Website and Emails reinforce top-of mind awareness with your existing customers.

### PCI Compliance™

Compliance Made Simple! Our staff can walk you through every aspect of the compliance process from helping you to understand the Self Assessment Questionnaire to initiating your Network Vulnerability Scans for Merchants whom process via the Internet.

Also with our **eC PCI Breach Coverage** Insurance you are covered up to \$50,000.00 at no additional cost.

### Payment Gateway™

A safe and secure ecommerce payment gateway that consolidates all your payment systems into one simple easy to use transaction processing platform. Merchants can process electronic payments in real time easily, safely and in virtually any manner or method. From all major credit and debit cards to all ACH/Check protocols.

The proprietary risk management system provides a sophisticated suite of fraud detection and prevention options. Each transaction submitted can be filtered through a comprehensive series of fraud detection rules to determine potential risk. Reduce your cost of PCI-DSS Compliance by combining our gateway with our **eC PCI Compliance**.
